CHECK SHEET

Subject: Procedure for Handling Japanese Documents

From: G-2 (WDIT)

To: WDC

Date: 24 Nov 45

1. Should an emergency arise which necessitates immediate removal of Japanese documents from original place of storage, every effort will be made to maintain the identity of the papers, to permit ready reference to these files by Japanese technicians under U. S. supervision.

2. In order that no documents be removed from their original place of storage before they have been cleared, Washington Document Center will make inquiry of this office prior to taking over any documents or papers.
